

HITARTH CHAUHAN

Gujarat, India | +91 9898760235 | chauhanhitarth6@gmail.com | linkedin.com/in/chauhanhitarth6 | github.com/Hit246

PROFESSIONAL SUMMARY

Detail-oriented Full Stack Developer with hands-on experience building scalable, production-ready web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js) and Next.js. Proficient in RESTful API development, Firebase, cloud deployment, and AI integration using Genkit AI. Experienced in Agile/Scrum methodologies, CI/CD workflows, and delivering responsive, accessible, and user-friendly solutions on schedule.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3

Frameworks & Libraries: React.js, Next.js, Node.js, FastAPI, TailwindCSS, NextAuth.js

Databases: MongoDB, MySQL, Firebase Firestore

Tools & Platforms: Git, GitHub, VS Code, Firebase, Vercel, REST APIs, Razorpay, Genkit AI

WORK EXPERIENCE

Project Engineer (Academic Role) | Hemchandracharya North Gujarat University Aug 2025 – March 2026

- Led backend development for 3+ full-stack web applications using Next.js, Firebase, and Genkit AI, delivering all projects on schedule.
- Collaborated in an Agile/Scrum team environment, participating in sprint planning, daily standups, code reviews, and debugging sessions.
- Improved component performance and WCAG accessibility compliance across 3 production applications by refactoring UI components based on user feedback.
- Built reusable React component library integrated with RESTful APIs, cutting feature development time by 25%.

PROJECTS

CareerCraft AI Aug 2025 – Mar 2026

Tech Stack: Next.js, React.js, TailwindCSS, Firebase, Genkit AI, REST APIs, TypeScript

- Developed AI-powered SaaS resume builder using React.js with dynamic template rendering and real-time preview via custom state management hooks.
- Designed a comprehensive authentication and authorization system with NextAuth.js.
- Developed a recruiter-facing dashboard with Firebase Firestore for real-time data syncing and role-based access control.
- Delivered a fully responsive UI with smooth transitions, fast load times, and WCAG accessibility compliance across devices.

Foodash – Full Stack Food Delivery Web Application Aug 2024 – Jan 2025

Tech Stack: Next.js, React.js, TailwindCSS, Firebase, NextAuth.js, Razorpay, PWA

- Developed a full-stack food delivery platform with real-time order tracking and live status updates, reducing user support queries by improving order visibility.
- Integrated Razorpay payment gateway for secure UPI and card transactions, ensuring PCI-compliant payment flows.
- Designed a comprehensive authentication and authorization system with NextAuth.js.
- Implemented PWA architecture with service workers enabling offline support and cross-device compatibility across mobile and desktop.

EDUCATION

Bachelor of Computer Applications (BCA) | Hemchandracharya North Gujarat University Jun 2023 – May 2026 (Expected)
